- Credit Scoring Platforms

Business Intelligence (BI)

Transforming raw data into meaningful insights to drive informed decision-making & strategic business initiatives through innovative dashboards.

Data Consultancy

Guiding businesses to harness the power of data for informed decision-making and strategic growth.

Data Engineering

Building robust infrastructure to efficiently capture, process, and leverage data for actionable insights and innovation.

Advanced Analytics

Leveraging cutting-edge techniques to uncover patterns, predict trends, and extract actionable insights for strategic decision-making and business optimization.

Data Engineering

Building robust infrastructure to efficiently capture, process, and leverage data for actionable insights and innovation.

IndusInd Bank

The entire team of INT. has worked very hard to take this project to this stage despite the fact that the team has faced various challenges. The INT. team has stretched multiple times and has done a lot of work with a great attitude, motivation and calmness.

Ankit Gupta

VP Solution Delivery Group,
IndusInd Bank

We see INT. as a future partner for their own expansion. After almost a decade of working together, we will need INT's support for our new steps in the growing markets.

Michael Schiener

VP Solution Delivery Group,
IndusInd Bank

From our point of view, you obviously helped us create value. When we started out with a product which barely worked and now we actually have a mature product used by thousands of users at hundreds of sites.

Roger Lawton

CEO, Somax Inc.

The engagement met the expectations of the internal team. INT. establishes a smooth workflow, providing reliable results in a timely manner. The team is hard-working, communicative, and data-driven.

Hussein Boor

CEO, Guulpay

We Are a Great Place to Work

The Indus Net Foundation, linked to your company Indus Net Technologies, focuses on several CSR initiatives aimed at contributing positively to society. Their efforts include:

Education Initiatives

- The Shree Chavo Veero Girls School serves 1000+ students, offering education from play school to college, and includes a hostel run by a not-for-profit trust
- Launched "Read To Learn" to bridge English comprehension skills among rural youth in India
- Established digital labs to enhance learning infrastructure and promote education in underserved communities

INT. managed medical equipment supply chains, operated a crisis call center, and donated ventilators and oxygen concentrators during COVID-19.

These efforts reflect a strong commitment to corporate social responsibility. For more details, visit <https://www.indusnetfoundation.org/>.
